HANOVER CROSSINGS

NATURAL GAS

UGI Penn Natural Gas provides gas service via a 6-inch MDPE main.

WATER

Park water is supplied via a connection to a 16" ductile iron main that is fed from Pennsylvania American Water Company's (PAWC) Watres Reservoir, with 12" mains and 8" service laterals installed throughout the park.

SANITARY SEWER

Conveyance is provided by Hanover Township and treatment is provided by the Wyoming Valley Sanitary Authority (WVSA). Gravity sanitary mains within the park are 10"- 12" diameter SDR-35 with 8" laterals to the individual lots. As of June 2012, WVSA's Hanover Township treatment facility had an approved treatment capacity of 32 MGD and was receiving approximately 25 MGD.

ELECTRIC

Dual electric service is supplied by UGI Electric Service from separate underground feeds via 13.8-KV underground duct banks.

TELECOMMUNICATIONS

Fiber and copper state-of-the-art underground service is provided by Verizon, Level 3, Frontier Communications, and Service Electric.
